

This is a **digitally signed document** using the default (example) **tcpdf.crt** certificate.
To validate this signature you have to load the **tcpdf.fdf** on the Acrobat Reader to add the certificate to *List of Trusted Identities*.

For more information check the source code of this example and the source code documentation for the *setSignature()* method.

A small, square, light blue box containing a handwritten signature in black ink. The signature appears to be 'J. J. J.' or similar, written in a cursive style.
